MCC MENTOR COACHING GROUP

DEEPEN YOUR PRACTICE

Candidates on the MCC application path must document at least 10 hours of Mentor Coaching on their application. Mentor Coaching hours submitted with an MCC credential application cannot be the same Mentor Coaching hours applied toward a previous application for the ACC or PCC. They are also required to partner with a Mentor Coach who holds a valid MCC credential.

The programme takes approximately 8–9–months to complete and is accredited with **18.5 Core Competency CCEs or 10 hours of Mentor Coaching plus 8.5 Core Competency CCEs** (which is an additional benefit of further CCEs for those credentialed coaches when renewing their credential).

“I’ve learned so much from this rigorous course. Namely, how to strip back and simplify my coaching—which is easier said than done. And how the very things that made me want obtain my MCC—my competitiveness, my drive, my ambition—are the things that I need to gently move aside in order to coach in a masterful way. It’s been a wonderful mixture of learning and growth alongside some wonderful coaches.”

– Lisa Quinn, Executive and Leadership Coach
